

PersonalTouch[®] control

Your personal preferences are just a touch away with Trajet's exclusive PersonalTouch control. Just touch any combination of the six buttons to customize your Trajet shower experience for the ultimate in relaxation and rejuvenation.

Stationary Shower Head

Turn stationary shower head on and off at the touch of a button.

Right Body Sprays

A single touch controls the two right body sprays for custom shower experience.

Hand Held Shower Head

Turn hand held shower head on and off without bending or stretching. One touch control is as easy as pushing a button.

Left Body Sprays

Like the right body spray, a single touch activates the two left body sprays.

Pulse Control

Touch the pulse control for variable speed body sprays. Touch again to maintain your personal preference.

Off

With one touch, the entire system shuts down, quickly, and quietly, without bending or stretching.

PersonalTouch[®] controls are a standard feature of all Trajet Fantasy Showers. Just one more reason more people choose Trajet for the ultimate shower spa experience. For more information call 800-795-1812 or visit www.trajet.com
