Discover The Ultimate

Whirlpool Experience

Indulgence is sometimes associated with being frivolous. However, when you weigh the time and effort you invest in the day-to-day, and the work that sometimes goes unrewarded, we think you'll agree that you've earned a few points for yourself. And now that those points are yours, we cordially invite you to experience the Pinnacle series of whirlpool baths from Trajet. And while some may consider these incredible whirlpools somewhat indulgent, we prefer to think of them as your well-deserved compensation.

## A closer look...

Each Pinnacle whirlpool tub is rich with Trajet features that deliver comfort, easy maintenance, and a lifetime of enjoyment. Compare features to any whirlpool and discover why more and more people make Pinnacle their first choice for the ultimate whirlpool experience.

### Custom Pump Locations

Four to six pump configurations allow flexible placement options for easy access, maintenance, and code compliance.

### Constantemp™ Foam Insulation

Maintains water temperature, reduces noise and protects plumbing from vibration, sagging and assures proper drainage.

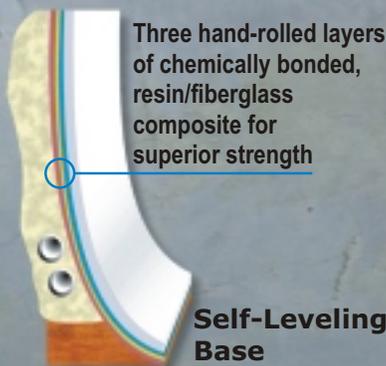

### Fiberglass Backing

Hand rolled fiberglass-backing delivers superior strength and long-term durability. All Pinnacle whirlpool tubs are manufactured with chemically bonded resin/fiberglass materials for added stability and years of use.

### Self-Leveling Base

Computerized base design and manufacturing assures level installation and proper drainage, first time—every time. The base, not the lip, supports all Pinnacle whirlpool tubs.

### Exclusive "TubSaver™" Packaging

Pinnacle whirlpool tubs are expertly packaged and may be shipped with Trajet's exclusive optional TubSaver liners, assuring clean, scratch and dent-free installation. Pinnacle tubs can be fully installed with the TubSaver liner in place.

### A. "Comfort-Touch" Electronic Control

All Pinnacle whirlpool tubs are designed with a simple, Comfort-Touch electronic control that allows you to select the type of hydrotherapy you desire. Conveniently located, the Comfort-Touch controls variable speed circulation, full-range pulsating massage, lighting and digital thermometer all within easy reach.

### B. Seamless, Hi-Gloss Acrylic Finish

Unlike many materials used in manufacturing tubs, all Pinnacle tubs start as a single, high-density acrylic sheet. Trajet uses acrylics that deliver seamless surfaces that are easy to care for and maintain luster for years.

### C. D. All Jets, Fully Adjustable

All Pinnacle jets are fully adjustable, allowing pressure and direction from all points to be set to allow maximum comfort and flexibility. You have precise control of hydrotherapy action.

### E. Safety Suction

System temporarily decreases suction to allow quick release of hair and objects. Helps prevent accidental entrapment.

### F. Smoothtex Floor

Trajets exclusive Smoothtex floors provide more slip resistance than smooth finishes while maintaining a comfortable, non-abrasive surface.

### G. Variable Air Control

Allows adjustment of whirlpool jet pressures to provide the ideal whirlpool experience.

### H. Interior Lighting

Interior lighting illuminates the water for the ultimate whirlpool experience. Optional light kits are available with a variety of colored lenses to set the mood for pure indulgence.

### I. Easy-Clean Surface and Jets

Pinnacle whirlpool surfaces and jets are specially designed for quick, easy cleaning. We think your time is better spent enjoying your Pinnacle experience.

### Choice of Component Colors

Variable air control, safety suction and jets match the standard Pinnacle colors, or you may choose optional chrome or brass to accent your bath design.

### Custom Colors

Pinnacle whirlpool tubs are available in three standard colors, (white, biscuit or almond) or choose from a full range of optional custom colors. Ask your Trajet representative for complete details.

Trajet products are proudly designed, engineered and manufactured in Glenwood, Iowa, U.S.A.

### Warranty

Trajet warrants to the consumer owner, that if a Trajet whirlpool tub should stain or fade, or should break, rupture or delaminate within a period of one year (under normal usage) from the original date of purchase, Trajet will at its option, repair any such defect or supply a new whirlpool tub F.O.B. Trajet, at minimal cost to owner.

Consumer owner is required to return said defective tub to Trajet with a valid Returned Goods Authorization number. Tub is to be packaged in a 600 psi cardboard box or wooden crate, freight prepaid. Trajet shall not be responsible for cost of removal or replacement whatsoever of the whirlpool.

This warranty does not cover damage or failures caused by Acts of God, misuse or abuse, accidents, negligence, fire or improper installation. This warranty also has specific limitations. Excluded from warranty are certain damages, including but not limited to: shipping damage, damage occurring during or after installation, damage resulting from installation, damage from the use of chemicals, bath oil additives, or improper cleaning agents, and damage from product modifications, careless handling, or product use for other than personal, family or household purposes. Trajet shall not be responsible for repair or replacement of the tub unit if found to be improperly supported on the floor.

Trajet warrants the product plumbing, motor and pump for a period of one (1) year against manufacturer defect.

Trajet shall not be responsible for any consequential or incidental damages, including but not limited to any damages for loss of use of bathtub or injury to any person or property. Any claims, therefore, are hereby specifically disclaimed and excluded. Some states do not allow the exclusion or limitation of consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights and you may also have other rights which vary from State to State. Proof of purchase must be presented with any claim.

Discover The Ultimate Whirlpool Experience

## INVERNESS

Unadulterated decadence yet perfectly proper, the Inverness is Trajet's answer for spacious relaxation. Deep, wide, and rich in features, Inverness will change the way you think about spending time at home. Fingertip selection of whirlpool action and specially designed lumbar hydro-massage make even a few minutes of time alone seem like a week-long spa getaway. Large enough for two to enjoy, with expansive curves, center seating design and underwater lighting, Inverness is suited especially for those who believe that life is meant for living.

### Constantemp™ Foam Insulation

Maintains water temperature, reduces noise and protects plumbing from vibration, sagging and assures proper drainage.

### Comfort-Touch Electronic Control.

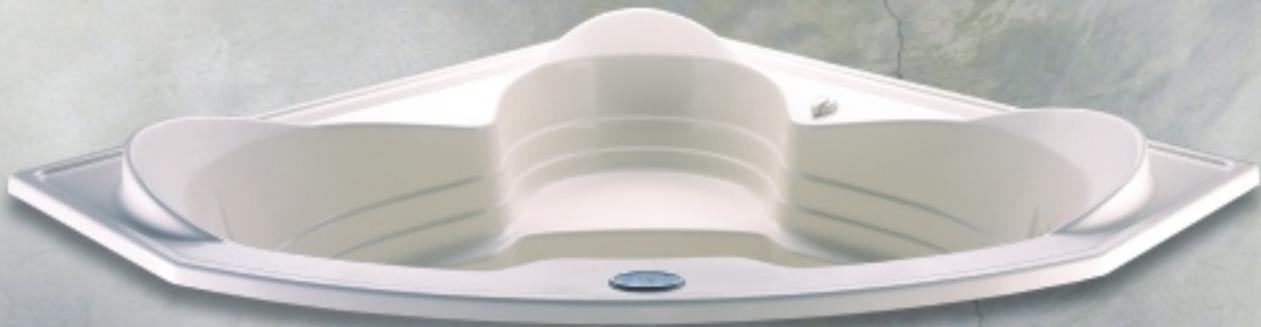

All Pinnacle whirlpool tubs are designed with a simple, Comfort-Touch electronic control that allows you to select the type of hydrotherapy you desire. Conveniently located, the Comfort-Touch controls two variable speed pumps to adjust circulation, full-range pulsating massage, lighting and digital thermometer all within easy reach.

# INVERNESS

Trajet's largest, most luxurious offering, Inverness takes you to a spacious world of unmatched whirlpool comfort. Five fully-adjustable lower whirlpool jets, two neck and shoulder jets and eight special lumbar jets are separately controlled by two powerful pumps to allow you to customize your experience of relaxation and hydrotherapy. The sleek design of the Inverness enunciates your sense of style and luxury.
