

Traj

When They're Good,
Tools Can be Great
But When They're Bad...
They Can Cause
Lots of Damage!

Dents, Dings, Scuffs,
scrapes, chips, drips
and splatters...
can all be prevented

One little "OOPS" can cost you plenty. But with Trajet's TubSaver you can put an end to profit losses from damaged tubs forever. Custom molded for perfect fit and easy tear-away edges for flexible installation, TubSaver protects tubs for pennies on the dollar. Just ask for the TubSaver when you order your next whirlpool from Trajet. It's insurance you can't afford not to have!

- Easy tear-away edges for installation
- Perforated, removable drain hole
- Foam padded for extra durability and protection of the tub floor
- High resistance to construction scratches, dents and spills
- Tough 40mil. high impact styrene stands up to costly construction use and abuse
